### Thank you!

Thank you greatly for your donations of money and baby equipment for an underprivileged single woman receiving help from the mental health service. I am so grateful to the Welfare Group and congregation that in a time of need you have shown generosity, love and support to a single mother, soon to have her first child, who has previously felt abandoned and lost. Your actions have helped to show that there are people in the community who genuinely care about the people around them, no matter their race, religion or past regrets.
